

CODE REVIEW ASSIGNMENT

| Criteria | Check + | Check | Check - |
|---|--|---|---|
| <i>Preparation (cover sheet that you give to your reviewer)</i> | Description of code is thorough and sufficient to enable constructive peer review | Description of code is mostly sufficient, but may lack appropriate detail in 1–2 places | Text description of code is inadequate to enable peer review |
| <i>Preparation (self-assessment on code review checklist)</i> | Code review rubric was filled out by the author with comments as appropriate to enable peer review | Code review was filled out by author, but lacks necessary details in 1–2 places | The author's version of the rubric is substantially incorrect or missing detail necessary for peer review |
| <i>Code review as a peer-reviewer</i> | Peer review rubric was filled out appropriately, with detailed and constructive comments | Peer review rubric was filled out appropriately, but could benefit from more detail in 1–2 places | Peer review rubric lacks appropriate detail, or comments are not constructive |
